Re: Application of Cumberland Cellular Partnership for Issuance of a Certificate of Public Convenience and Necessity to Construct a Cell Site (Alligator) in Rural Service Areas #5 (Russell) of the Commonwealth of Kentucky-Case No. 2006-00052

Dear Mr. Selent:

Thank you for your recent writing outlining the long-range status of the COW located in Indiana Hills Estates and permanent cell tower which will be at 57 Missionary Drive, Russell Springs, Kentucky. As I'm sure you understand and as previously request; it would be our desire to have COW removed immediately. That said, having discussed this matter with Mr. Ratliff, we respectfully ask that a date specific be provided when you would terminate the temporary COW.

The aesthetic and financial damage that will occur to property owners in Indiana Hills Estates if COW is not removed in a timely manner is in our opinion significant. Thus, we would appreciate a timely response to our inquiry.
